Section: 10-Hawking

ACTIVITY 1

Direction: Match the following global health initiatives in Column A with their aims or goals in Column B.

- | | |
|---|--|
| <u>A</u> 1. Millennium Development Goals (MDGs) | a. fights against discrimination, disease, hunger, poverty, illiteracy, and environmental degradation |
| <u>D</u> 2. WHO Framework Convention on Tobacco Control (WHO FCTC) | b. increase access to immunization in poor countries and provide funding for vaccines |
| <u>E</u> 3. Global Mental Health Action Plan | c. focuses on the interventions and policies against harmful use of alcohol and socio-economic development of a nation |
| <u>C</u> 4. Global Strategy to Reduce the Harmful Use of Alcohol | d. response to the global epidemic of tobacco use and abuse |
| <u>B</u> 5. Global Alliance for Vaccines and Immunization (GAVI Alliance) | e. fight and lessen negative trends in mental health |

ACTIVITY 3

Direction: In a scale of 1-5, rank the five global health initiatives based on their positive impact to people's health. Reason-out base on the real-world situation and follow the template below. Write your answer in a one whole sheet of paper.

Rank	Global Health Initiatives	Reasons
3	Millennium Development Goals	Global Alliance for Vaccines and Immunizations has the greatest positive impact on people's health because <u>this is one of the biggest controversies in the 20th century.</u> <u>This pandemic affected our lives and so, being vaccinated is our top priority.</u> Second rank is the <u>global mental health action because it might seem that mental health is not as important as physical health but it is very crucial to take care of this as well as they have the same importance as physical health.</u> Third is the <u>millennium development, it is quite important too because this prioritizes to reduce the hunger and poverty.</u> Second to the last is <u>tobacco control, yes, it is an important thing to initiate but it's not as important as others as we've already tried this and people tend to stop when they are experiencing health issues.</u> Lastly, <u>global strategy to recude the harmful use of alcohol, just like tobacco, we've already tried this and it is not as harmful as others if we don't take action now.</u>
4	WHO Framework Convention on Tobacco Control	
2	Global Mental Health Action Plan	
5	Global Strategy to Reduce the Harmful Use of Alcohol	
1	Global Alliance for Vaccines and Immunization	

Activity 1

Instruction: Multiple Choice. Write the letter of the correct answer on the space provided before each number.

 A 1. Which of the following is NOT a reason why health initiatives are difficult to implement?
